

## Ministry Agreement for LUKE Leader

We are very thankful and excited about your desire to join God in His work with children in the city.

As a role model, your lifestyle is part of the equation. How you present yourself to the children we serve and the staff you serve with on a daily basis should be consistent with who you are when you are not in front of the children at LukeCamp, LukeSports, etc. As we honor God and each other we need to have an honest, transparent and authentic understanding with you as it relates to three key positions dealing with sexual behavior, substance abuse and media. This is critical and essential.

We expect LUKE Leaders to live, communicate and model the following:

### **Sexual Behavior and Living Arrangements**

We believe scripture teaches that sex was created by God as an expression of intimacy between a man and woman within the context of marriage. LUKE Leaders who embrace lifestyles or behaviors that conflict with this teaching will eventually find themselves having to pretend to be something they are not or teach something to the children they are not living out day to day.

Yes, \_\_\_\_\_ (your name) I am living a lifestyle of sexual behavior in accordance with the Bible and maintain my own residence, when viewed by outsiders, that represents the above statement. I do not live with my boy friend or girl friend and yes, I am living out a lifestyle that would be clearly identified as an excellent example of Purity.

### **Substance Abuse**

Having a personal (past) history of alcohol or drug abuse can be something that God uses in a positive way as you encourage children to move towards Christ and away from drugs or alcohol.

Yes, \_\_\_\_\_ (your name) I am living and plan to fully live out a life free from the use or abuse of Marijuana, illegal drugs, prescription drugs and or alcohol and I \_\_\_\_\_ (your name) am not currently involved in any form of substance abuse. (i.e. A glass of wine once a month at dinner is not what we are referencing)

### **Media and Pornography**

The people we lead judge the credibility of our message by the content of our lives. The way we engage with social media, how we handle our time online as well as with print media and the establishments we visit are all a part of setting an example for the children we serve and the staff / volunteers we work with on a daily basis.

Yes, \_\_\_\_\_ (your name) I am living and plan to fully live out a life where the photos I view, the books read, the movies I view, the video and comments I post, the establishments I visit, the sites I visit online, the text messages I view and the print media I view all set an example of purity, modesty and establish the role model standard of a Christ follower for the children.
