

LukeCamp, a 9 week summer day camp serving Southwest Cobb and West Atlanta, develops meaningful relationships with underserved children age 7-14. Relationship equals influence and we foster this through team building games, fun activities, field trips to new destinations each day and small group discussions themed around life principles and virtues found in scripture.

LukeCamp - Week 10 is a reward trip for campers age 10+ who have earned the overnight trip to Big Canoe, GA. Campers who demonstrate excellent behavior, complete their daily assignments, participate in one community service project and attend day camp are eligible.

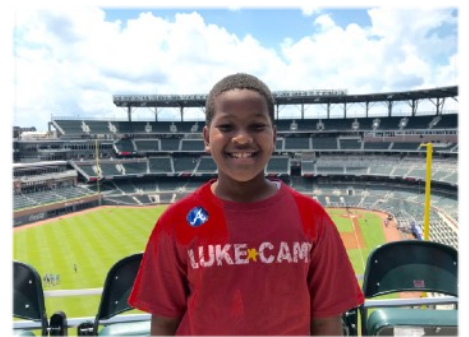

LukeCamp Ministry Model - 365

LukeCamp does not utilize a traditional brick and mortar building. We hire and train amazing staff and then go and serve in underserved communities without the restrictions of being tied to one location. We meet for breakfast each morning with the campers and then we depart on our field trip for the day with adventure based hands on learning themed around a virtue, with a WOW environment where kids have a ton of fun.

LukeCamp creates opportunities to meet new people and experience different parts of the city. Activities include biking, job exploration, museum tours, community service, hiking, basic life skill classes, visiting parks, budget planning, a week-long overnight trip, crafts, pottery painting, Braves game, a tour of Dobbins Air Force base and more.

When campers return to school, they can access \$0 cost tutoring as well as special enrichment trips that are scheduled when breaks in the school calendar occur.

Note: Summer Day Camp - \$185 covers 3 children for an entire summer.

Create WOW environments encouraging children to take the next best step as a follower of Christ.
