Parents use LukeCamp as extra Motivation for their children to excel in school...

to reinforce strong friendships, make wise choices...

build social skills and the opportunity to earn amazing field trips and adventures...

LukeCamp 2021

Parents call LukeCamp "the blessing that encouraged my child to finish well and move to the next grade level with confidence and the most summer fun they have ever experienced ..."

We have an amazing opportunity for children age 7 - 14 to participate in group discussions on principles like Friendship, Making Wise Choices and Faith that are essential disciplines.

1

EXPOSURE

Participants meet new people and experience different parts of our City...

2

FUN

Youth learn to have fun and enjoy time away from gaming and their phone...

3

PRINCIPLES

Students learn life principles to make the best transition to & thru High School...

REGISTER ON OR BEFORE MAY 4

Space limited and Space open - Until full

Why Summer Day Camp?

\$185.00 covers 1, 2 or 3 campers living in the same household year-round for the entire summer...

Face to Face learning, fitness, communication skills, career tours, field trips and group discussions are the highest and best way for children to learn. The sense of accomplishment and the virtues your child will learn as they attend LukeCamp and the opportunity to earn amazing reward trips will provide life long memories and be an amazing foundation for personal and spiritual growth.

“I just want to say thank you for all for your time and hard work with my children last summer...They are doing very well with school and I can attribute that to the skills they learned from LukeCamp... So again thank you all for your time and efforts.”

HOW DO LEADERS BECOME NEXT GENERATION LEADERS?

The sweet spot for young leaders becoming next generation leaders is their ability to speak with confidence in public, interact with others and articulate the unique and brilliant ideas they have that will change their future and the world around them.

Let's be honest...cell phones and gaming are a ton of fun but most of us will not become game designers or professional texters...

Campers earn weekly field trips, that help kids learn how to manage their time, the value of hard work, interact with others and the importance of developing their own faith as they grow to trust God!
